CREATIVE WORK

2018 – Author of the Fieldwork Section of the self-study report to be submitted to the Accreditation Council for Occupational Therapy Education for the February 2019 site visit.

2017- Author of *Successful Fieldwork: A Teaching Manual*. This teaching tool consists of an instructor's manual, power point presentations and a CD to be used in teaching and helping students to navigate their fieldwork experiences. The manual and the accompanying CD were designed based on experiences faced by occupational therapy students, but it can be used with any health science student. Instructors could use this reference to prepare students to excel during their fieldwork experiences. The material provided will ensure that students consistently receive all the critical information and parameters needed to have a successful fieldwork experience. The CD (with vignettes) includes

practical examples and scenarios demonstrating sound approaches to problem solving and professional behaviors. The manual includes power point presentations with note pages as well as guiding discussion questions.

2015 – Author of the Fieldwork Section of the interim accreditation report submitted to the Accreditation Council for Occupational Therapy Education.

2010- Co-author of the re-accreditation document submitted to the Accreditation Council for Occupational Therapy Education.
