Bachelor of Science in Nursing (BSN) Generic Track

The Bachelor of Science in Nursing (BSN) Generic Track prepares professional nurses to become providers and leaders in the delivery of high quality, accessible, culturally competent nursing care within a highly technological and global environment. The College promotes, expands and validates scientific knowledge and evidence-based practice through nursing and interdisciplinary research. Generic BSN track graduates are sponsored by the university to sit for the NCLEX (RN licensing examination) to become registered nurses.

The purposes of the Bachelor of Science in Nursing program are to prepare qualified students to:

- Be professional nurse generalists
- Be accountable citizens
- Work collaboratively with community agencies in providing services to clients to promote, maintain, and restore health, rehabilitate, or face death with dignity.
- Participate in health care delivery, research, education, and leadership, and consultation services in the local, regional, and international community.
- Recognize and respond to the need for lifelong continuing professional development

Clinical Placements – Immunizations, drug screening, and a criminal history background check are required prior to participation in clinical practice settings. Clinical facilities limit or prohibit students with criminal or drug histories from participating in their clinical setting.

The BSN Program is accredited by: Commission on Collegiate Nursing Education (CCNE) and the Florida Board of Nursing.

Minimum Admission Requirements:

- Associate of Arts (AA) degree from a FL state college or completion of the FIU core curriculum by the spring semester.
- Transfer students must successfully meet all FIU undergraduate admissions requirements.
- Minimum cumulative GPA of 3.25 or higher.
- Successful completion of the ATI TEAS (Version VI) with a minimum overall score of 70%, and a minimum 62% in the science portion. To register go to: testing.fiu.edu.
- Completion of ALL nursing pre-requisite courses by the end of the spring semester within the corresponding application cycle.
- Required pre-requisites:
  - Human Anatomy w/lab **
  - Human Physiology w/lab **
  - Intro to Microbiology w/lab **
  - Survey of Chemistry w/lab **
  - Intro to Psychology
  - Intro to Ethics
  - Any Introduction to Statistics
  - Human Growth & Development
  - Nutrition

** NO FAILURES (C- or below) are allowed in the required science pre-requisites – even if successfully repeated for a passing grade. Must have been taken within last 10 years.

How to Apply
Submit an application to NursingCAS at nursingcas.liaisoncas.com by no later than March 15th.

Tips for Applicants

- Attend an information session! Session are open to everyone and offered monthly. Call 305-348-7709 to RSVP.
- Meet with an advisor!
- Volunteer! We give preference to well-rounded candidates who volunteer & show leadership qualities. Being employed in healthcare with direct patient care is also helpful.
- Earn excellent grades!

Highlights:

- Five fulltime semesters, primarily daytime courses
- State of the art clinical simulation laboratory for student learning
- Nursing and medical student interdisciplinary practice

*Program of study is subject to change at the discretion of the NWCNHS.
