*Calling all FIU adult and
family NP students*

An aerial photograph of a two-lane road winding through green and yellow fields. A small car is visible on the road. Overlaid on the bottom half of the image is a large, stylized graphic of a heart rate line. The letters 'ANEW' are integrated into the line, with a heart symbol to the left and a pulse line to the right.

*Here's ANEW chance to help rural Floridians and
earn up to \$20,000 for your education.*

FIU Graduate Nursing is partnering with Glades and Hendry counties near Lake Okeechobee on a pilot program that will help pay for your education, while creating a primary care lifeline to a forgotten population in need: **rural Floridians.**

The **Advanced Nursing Education Workforce Traineeship Program** — a.k.a. ANEW — is an innovative academic and clinical training program preparing future APRNs specializing in family and adult practice to provide sorely needed healthcare services in rural communities.

*Give rural patients ANEW outlook for a healthier life.
Apply for the ANEW traineeship program today!*
(Application form on the back)

A stylized, light-colored heart rate line graphic on the left side of the page, consisting of a circle and a line that rises and then falls.

Why ANEW matters

Many of today's **60 million rural Americans** are **uninsured and live in poverty** at even higher levels than what we see in our big cities. The **geographic isolation, lower socioeconomic status and increased health risk behaviors** conspire against rural Americans to get access to primary care providers.

YOU can make a real difference

APRNs practicing to their fullest scope can fill this gap with the right training and perspectives.

Working directly with clinic patients alongside preceptors, and supported by telehealth technology, ANEW will help transport your metropolitan mindset and skill set to dramatically improve healthcare for the rural patient.

Be a part of the ANEW lifeline! Apply today!

FIU ANEW TRAINEESHIP AWARD APPLICATION
