RESEARCH ACTIVITIES:

Sigma Theta Tau International: 44th Biennial Convention
Abstract Submission for Poster Presentation #86203.
Accepted, March 18, 2017

Title: Factors that Predict Levels of Sleepiness of Advanced Practice Nursing Students
ID: 466360

Factors that Predict Levels of Sleepiness of Advanced Practice Nursing Students. The purpose of this study is to determine Advanced Practice Nursing Students' level of sleepiness and to correlate their level of daytime sleepiness with GPA, gender and employment status. 2016- 2017

A School-Based Family Centered Nurse Managed IPCP Clinic. Contribution includes attending numerous trainings, meetings and weekly practice as a Family Nurse Practitioner in efforts to develop an inter-professional school-based family centered nurse managed clinic in a high school in Liberty City, Florida. The clinic' mission is to provide access and improve quality of primary care to the underserved while providing culturally competent and comprehensive primary healthcare services.

"Designing a Graduate Level Inter-professional Online Health Ethics Course: One University's Experience." proposal accepted for the ASBH 16th Annual Meeting: Inclusive & Inter-professional: Bioethics & Humanities conference in San Diego, on October 16-19, 2014.

Miami Area Geriatric Scholar: Miami Area Geriatric Education Center (MAGEC) AGE Scholars Program participant 2012-2013. Services include participation in a unique professional development program focusing on enhancing knowledge and skills in the area of Geriatrics and Gerontology. As a successful AGE Scholar, it is required to complete a minimum of 160 hours working with a mentor, researching/developing a project, as well as attending both on site and online MAGEC training seminars.

Nova Southeastern University, PhD In Nursing Education, Chancellor's List 2013-2017.

University of Miami Sylvester Cancer Center (2010). Design an implementation program for a new ambulatory drug delivery (CADD) infusion pump program. This project included assessing organizational readiness, understanding, creating a table of organization, and the multidisciplinary integration of roles between independently licensed practitioners (ARNP), nurses, medical doctors, pharmacists and vendors for this initiative.

GRANT ACTIVITIES:

Grant Proposal in Progress: Evaluate levels of Sleepiness and its effect on opportunities to provide empathy and decrease medical errors for Advanced Practice Nursing Students. PI:Goldin, D. Nicole Wertheim College of Nursing; CoI: Foster, A., Herbert Wertheim College of Medicine. This study is to demonstrate that there is a correlation between levels of sleepiness and opportunities for APN students to communicate empathy more effectively to standardized patients while decreasing medical errors during simulation experiences.

FACULTY PRACTICE, ARNP; Inter Professional Collaborative Practice Initiative at the Miami Northwestern High School Clinic Grant- US Department of health & Human Services.
GRANT NO.: UD7HP28526
\$1.45 million (July 2015-June 2018)

Nurse Practitioner Education in Developmental Disabilities (NPEDD) for inclusion and engagement of People with Neurodevelopmental Disabilities Project. Sponsored by the United States Department of Health and Human Services Administration on Intellectual Disabilities, The Florida Developmental Disabilities Council, and the American Academy of Developmental Medicine and Dentistry. \$5,000
